

FCA Bank introduces InstantMoto, the instant approval loan for e-bikes and motorcycles

- **The Bank, which attended EICMA at the Fantic Motor stand, announces the launch of the first loan product with real-time credit evaluation and related disbursement for motorcycles and e-bikes in Italy.**
- **InstantMoto is a simple, secure, omnichannel solution to access financing in 3 minutes, available both at dealerships and online.**

Milan, 7 November 2022

FCA Bank continues on its transformational journey, extending its financial services to the two-wheeler world. The Bank launches **InstantMoto**, the first **instant-approval financing dedicated to motorcycles and e-bikes** in Italy: a simple, omnichannel solution that can be used to obtain a credit evaluation and access to funds in just three minutes.

The announcement comes at the 79th edition of EICMA, the international two-wheeler trade fair. FCA Bank will be attending at the stand of **Fantic Motor**, a storied Italian motorcycle manufacturer with which it has recently entered into a partnership. InstantMoto will initially be available on all models made by Fantic - from the legendary Caballero to the Enduro range and the latest electric models offered by the brand - and will eventually be extended to models of other brands.

InstantMoto makes it possible to receive **loans of up to €15,000 with maturities of up to 72 months**. FCA Bank, with nearly a hundred years of experience in the mobility sector, thus aims to speed up access to financing for motorcycles and e-bikes, giving a new boost to the two-wheeler market.

InstantMoto uses **modern digital technologies**, from SPID for remote identification to read access to the customer's bank account thanks to PSD2 (Payment Services Directive 2), ensuring real-time credit evaluation and eliminating the requirement to show proof of income. InstantMoto can be applied for either **in person**, at participating dealerships, **or online**.
