

## FCA BANK LAUNCHES GO4xe FINANCING FOR A NEW CAREFREE MOBILITY

- **FCA Bank's commitment to promoting the choice of sustainable mobility continues thanks to an innovative financing product;**
- **GO4xe for New Jeep Renegade 4xe Plug In Hybrid, available from April on the Italian market**

*Turin, 7 April 2021*

FCA Bank's activity to support and promote increasingly green and sustainable mobility continues unabated, guaranteeing maximum flexibility for customers.

With this in mind, the Bank has developed **GO4xe**, the financing dedicated to those who want to drive hybrid in total tranquility.

This unique financial solution enables customers to choose the new driving mode offered by the Jeep Renegade 4xe Plug In Hybrid, while maintaining ownership of the car, without worrying about anything, not even in case of new needs.

The **GO4xe** financing not only allows customers to keep, replace or return the car in relation to the contractual term chosen (up to 5 years) but it provides them the additional benefit of being able to decide to replace it at each annual window (at 13, 25, 37 or 49 months), depending on the duration of the contract. In this way customers will be able, at certain points in time over the life of the contract, to change their car for another PHEV model or for a conventional car at the dealership by entering into a new loan contract with FCA Bank.

All with a small down-payment, affordable installments and no penalty in case of early termination.

With **GO4xe** by FCA Bank from April, customers can support the environment by choosing to drive a hybrid Jeep in total serenity.
